

Homework Guidance 2016-17

Students at Carter Community School are encouraged to become independent learners. We believe homework supports this and therefore it is our policy to set homework. The purpose of homework is to embed, develop and enrich learning that has taken place during lesson.

- In years 7 and 8, each subject area will set a piece of work that students should spend approximately ½ hour on to complete. Throughout the course of the week this leads to around 1 hour per evening completing homework.
(Year 7 HALO's will take around 2 hours to complete on a weekly basis)
- In year 9, each subject area will set a piece of work that students should spend approximately 45 mins on to complete. Throughout the course of the week this leads to around 1 and a half hours per evening completing homework.
- At Key Stage 4, each subject area will set a piece of work that the students should spend between 1hour and 1hour 30 mins completing. Throughout the course of the week this leads to around 1 hour 30 mins per evening completing homework.
